## FACTS IN NATURE.

**Not Only Do We Get Inspiration From Nature, But Health as Well.**

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic, or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

## APPEARING OLD

**Acts as a Bar to Profitable Employment.**

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### Bigamist Returns.

Thomas W. Kiley, the Brooklyn millionaire banker, who was discovered six weeks ago to be the head of two households less than a mile apart, and who disappeared when the facts became public, returned to the home of Mrs. Kiley No. 1 yesterday. He said he would leave New York today never to return. Neither wife will accompany him. Apparently the matter has been amicably straightened out, because it is announced that Mrs. Kiley No. 1 has fully forgiven him and that Mrs. Kiley No. 2 has agreed not to attempt to see him.

Kiley was president of the North Side Bank of Wiliamsburg, a wholesale merchant and a big man in finance. He was what is called a model citizen, scrupulously honest in his business dealings, a leader in chari able and church work.

The discovery that he had one wife at the Jefferson avenue address and another at 216 Brooklyn avenue startled the community. It appears that neither wife knew of the existence of the other until a short time before the exposure. Kiley admitted the facts.

When the story of his two families came out he resigned from the presidency of the bank and dropped out of sight. No criminal proceedings were brought against him, and he kept in communication with his lawyers and business associates all through his absence. He went directly to Asheville, N. C., visited Baltimore, Norfolk and other cities until two days ago, when he was advised that matters had been so shaped that he might return.

Arriving in Jersey City, Kiley went to a hotel, where he remained until yesterday morning, when he started for his old home in Williamsburg. He has aged since he went away.

### Suicide at 108.

Mrs. Mary McKittrick, 108 years old and, as far as known, the oldest woman in America, committed suicide at the home of her son, Luke McLittrick, an octogenarian, near Uniontown, Pa., yesterday morning by cutting her throat with a carving knife. She had been in ill health for several weeks and her mind had failed.

Mrs. McKittrick declared God had forgotten her and had neglected to call her, although all those she knew in her girlhood and womanhood, before the oldest of old men and women now living were born, had all gone to their future home.

Mrs. McKittrick was born in county Kildare, Ireland, March 17, 1798. The fact of her birth is duly recorded in the parish register, and the authenticity of her claim to being one of the oldest, if not the oldest person in America, is well established. She remained in Ireland until a very old woman. Her children had all emigrated to this country many years before, had raised families and died of old age. All of the persons she had known had died, and she was left alone in the old home in county Kildare among strangers.

March 17 last, when her birthday was celebrated, she danced an Irish jig to show what a good old Irish woman could do, she said. But her heart longed for old Ireland. Her thoughts turned back to the hills of Dunmurry and the banks of the Boyne, to the antiquities of Punchestown and Jigginstown and the other historic spots in Kildare. Little more than a month ago her health failed.

### Bloodshed Feared.

At the request of Sheriff R. M. Owens, of King George county, after a consultation with his deputy, the Commonwealth's Attorney and Judge Mason, of the Circuit Court of that county, who resides in Fredericksburg, Governor Swanson yesterday ordered Capt. M. B. Rowe, of Company L, Seventieth Virginia Regiment, of Fredericksburg, to proceed to King George courthouse at once and report to the sheriff for duty.

Captain Rowe, two lieutenants and 27 men left for King George Courthouse by private teams. The distance is about 25 miles over bad roads. The troops arrived at King George Courthouse about 6 o'clock yesterday evening.

Information that an attempt would be made to release the negro boy, Gabriel Battaile, who is confined in the jail charged with criminally assaulting Lena Rogers, daughter of Rudolph Rogers, a farmer, induced the county authorities to ask for troops. The attempt to release the negro would be made, it was said, by the negroes of the county. Before leaving Fredericksburg for the scene of the suppose trouble Captain Rowe ordered issued to each man 20 rounds of ammunition. Arriving at the courthouse, they found things quiet. Captain Rowe said to the deputy sheriff, H. H. Hunter, that he thought it wise to remove the prisoner to Fredericksburg last night and confine him in jail there to await trial, which takes place Friday. The prisoner was, accordingly, taken to Fredericksburg late last night. He will be returned to King George Courthouse in charge of the military Friday, when his trial comes off.

It is feared that blood will be shed freely, as a slight thing will cause a race riot. The evidence against the negro is strong. The girl has positively identified him. Battaile makes no statement other than that he is not guilty, and claims that he did not see the girl that day. The assault took place on the public road about a mile from the girl's home, about a week ago.

**A Year of Blood.**

The year 1903 will long be remembered in the home of F. N. Tackets, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

**For a Weak Digestion.**

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial. Thousands have been benefitted by their use. They only cost a quarter. For sale by Gibson & Timberman and W. F Creighton & Co.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAY 1, 1906.

IN THE five months of the session, Congress has passed about 2,250 pension bills. This promises to be a record session for many years, so far as pension legation is concerned. At the long session of Congress two years ago practically 1,800 pension bills were enacted, and it has been a good many years since that record was exceeded. Already at the present session that number has been passed by more than four hundred, and many more pension measures are in sight. Most of these have been signed by the President and are now laws It is likely he will sign three hundred or four hundred more this week. It is expected that the number of pension bills enacted at the present session will approximate 3,000. This is one of the greatest pieces of robbery to which the public treasury is subjected In not one of these instances could the applicant get a pension under the existing more than liberal pension laws, and but very few of those who are granted pensions under a special acts of Congress are entitled to a cents' worth of consideration.

REPORTS from the middle Atlantic States are to the effect that this year's shad fishery is a failure. A dispatch from Chester, Pa., says: "The shad season will probably be one of the poorest that Delaware river fishermen have experienced in many years. Last year the catch was small, but this year it is much smaller. No great run of the fish is now expected, as the season is nearing a close, and many of the fishermen have become disgusted and stopped." During the past few days similiar dispatches have appeared from the towns on the rivers in Delaware and New Jersey which show that the same state of affairs exists there as in the Potomac. Scientists should turn their attention to this matter, for it seems that notwithstanding the millions of shad being hatched and placed in the river each season the catch of shad grows smaller year by year.

THERE is no question of protection or free trade in the bill to grant relief to the sufferers of San Francisco by temporary removal of the duties on building materials. The only question is whether the steel trust, lumber trust and the other trusts controlling supplies of building materials have power enough over the republican majority in Congress to stifle the voice of equity and justice. When Congress formerly responded with promptness to the appeals of Chicago, Boston and other cities in their calamity these trusts that are now fattening upon tariff spoils had not yet arisen. Nor had the "stand-patters" come into existence. Hence there was no difficulty or delay in passing the necessary measure of relief Put now, says the Philadelphia Record, the little finger of the steel trust is stronger than the loins of the whole republican party.

THE RESULT of the recent meetings of the Board of Police Commissioners will soon be made known to the public. The board, for reasons satisfactory to themselves has held private sessions for the purpose of examining into the official conduct of all members of the police force. The members have worked with one accord and with but one aim, treating all alike. There has been no disposition to shield any officer against whom charges have been urged, nor, it is stated, has there been any attempt to magnify trivial breaches of discipline. Every man will, therefore, be compelled to stand upon his own merits.

THE grand jury in New York yesterday handed to Recorder Goff nine indictments arising from the confession of Benjamin M. Goldberger, who is charged with forgery in the preparation of petitions in the Municipal Ownership League nominations last fall. It is said that one assemblyman, one alderman and various notaries public are the persons against whom the indictments are filed. And these are the "good government" men!

THE Colored Ministers' and Deacons' Union which convened with Olive Branch Baptist Church, near Waterfall, Prince William county, on Saturday and Sunday passed the following resolution: "That we, the ministers of this union, will hereafter marry no divorced person unless the cause of such divorce be sanctioned by the Holy Scriptures." The white brethern might draw a lesson from this proper and concise resolution.

MAY 6th will be the last day one can pay his head tax to vote in the next election. As this date falls on Sunday it will have to be paid by Saturday, May 5th, in order to vote for Congressmen and other officers next fall. Further, if a voter fails this time, next year when other officers are voted for those not paying this year will have to pay two years, or $3.18 instead of $1.50.

THERE is discord in the sound coming from San Francisco, "Don't send clothing or provisions but send money."

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 1.

Representative Littauer, of New York, who was a caller at the White House today, said that a movement is on foot among the Congressmen to pass an amendment to one of the appropriation bills providing for the payment of the President's expenses when he travels.

It is officially denied at the War Department that any commission has been given by the War Department for the military escort which, according to press dispatches, is accompanying Father Sherman on his trip from Chattanooga. In fact, it is stated at the Department that the authorities here have received no information relative to the matter other than that furnished by the newspapers.

Rev. Father Sherman's march to the sea, following the path pursued by his father in the civil war, has agitated some of the Southern democratic members of the House. The Georgia men, especially are inclined to show their indignation.

This is May Day and Admiral George Dewey, the victor of the battle of Manila Bay, will be dined tonight at the Raleigh Hotel in this city by twenty-four officers of his fleet who will make merry in commemoration of the fight which they fought and won just eight years ago today. None besides the selected few who engaged in that battle will be invited to attend the dinner, for speeches will be made which might reflect upon the conduct of foreign nations, then unfriendly to this country, but with which the United States now enjoys amicable relations. Admiral Dewey was in his office this morning receiving the congratulations of his friends and attending to his duties as president of the general board of the navy, which outlines the naval strategy of the country. "As the years roll along," the Admiral said, "I believe the American people are more and more appreciating the value of the victory won by my fleet eight years ago in the Bay of Manila." Admiral Dewey has prepared a story of the battle of Manila Bay giving an account of the events which were subsequent to the victory and which at the time had so much international importance. For the present Admiral Dewey will not publish his work.

The first conference of cotton growers and manufacturers of America and Europe ever held is in session at the New Willard Hotel this week. The government of the United States also has representatives at the conference and during the two days' sessions nearly every subject of vital concern to the cotton industry will be thrashed over. James R. McCall, of the New England Cotton Manufacturer's Association, was selected as permanent chairman of the conference. In outlinging the work of the conference, President McCall said that he hoped the conference would evolve some way of stopping the reckless speculation in cotton which had injured the industry; some method for the better handling of cotton in ginning and bailing, and to approve some method to insure the accuracy of governmental crop reports. In speaking of the latter subject he said that he knew there were those who favored the abolition of the reports altogether. Cotton production was the first general subject taken up for discussion. Congressman L. F. Livingston, of Georgia, said the system of education in the South is taking the negro from the cotton fields to the towns. "The negroes are going up to your country," said Mr. Livingston, addressing President McCall, of Rhode Island. "After while, perhaps, we wont have any, and then we will have to look to another class of laborers." He said that the cost of production could not be lowered until the southern planter took to raising his own mules, feed and meat. Should he do that, the amount of production would be decreased and "you spinners would kick."

Attorney Stevens, of Jamestown, N. Y., representing the interests urging legislation to preserve Niagara Falls, was heard by the House committee on rivers and harbors today on the legal phases of the situation. Stevens declared that international questions were involved and that the federal government had a right to control the Niagara river, it being a boundary of the United States and of strategic value in case of war.

The second trial of former State Senator George E. Green, of New York, was today set for May 21. The charge is bribery and conspiracy with Willard Doremus in the sale of concelling machines to the Postoffice Department.

General Greely wires the War Department that he understands the Citizens Committee at San Francisco contemplates a further appeal to the generosity of the nation. He says that there are only 15 days provisions in sight on the basis of past distribution.

### B. & O. Sells Mines.

What is looked upon in Baltimore as the first highly important result of the investigation by the Interstate Commerce Commission into the relations existing between coal-carrying railroads and mining companies on their lines is the announcement yesterday that the Baltimore and Ohio Railroad has disposed of its holdings of the stock of the Consolidated Coal Company and that Oscar G. Murray, George F. Randolph, and Hugh L. Bond, jr., the first being president and the other two vice presidents of the Baltimore and Ohio Railroad, have resigned from the directorate of the Consolidated Company and their places thereon have been filled by the election of Van Lear Black, of Baltimore and Walton Miller and S. L. Watson, of Fairmont, W. Va. The stock heretofore held by the Baltimore and Ohio Railroad and transferred yesterday is said to have amounted to over 53,000 shares, being 53 per cent of the entire capital stock of the Consolidation Company. The money consideration involved in the transaction is said to be about $5,000,000.

### Northern Virginia Baptists.

The meeting of the ministers and laymen of the Second district of the Potomac Association of the Baptist Church in Northern Virginia, which has been in session at Mount Hope, Loudoun county, for several days, adjourned yesterday with a concluding sermon by Dr. I. B. Lake, of Upperville, Fauquier. The ministers in attendance were Rev. C. F. Herndon, of Hamilton; Rev. Ernest Gibson, of Fauqnier county; Rev. F. P. Berkeley, of Leesburg; Rev. Douglass Clark, of Fairfax county; Rev. J. E. Bailey, of Herndon. The meetings were largely attended.

## News of the Day.

The Pope yesterday received Archbishop Ireland, of St. Paul, Minn, in farewell audience.

The United States Geological Survey reports the anthracite output for the year 1905 to be the largest in the history of the industry.

Representative Champ Clark says the failure of the republican party to take up tariff revision means a democratic House in the Sixtieth Congress.

The Mikado of Japan yesterday reviewed the troops that had participated in the war with Russia. Captured Russian battleflags and trophies were shown in the parade.

It is alleged that Mrs. Cassie Chadwick, now in the Ohio jail for wrecking a bank, was in a bond deal with men being sued by Mrs. W. C. Jutte, of Pittsburg, for the recovery of $2,000,000.

The New York grand jury for April, in its report to Recorder Goff, stated it had failed to investigate campaign contributions by insurance companies because District Attorney Jerome told them not to do so.

The Senate will begin voting on the amendments to the railroad rate bill on Friday, May 4. An agreement to that effect was reached yesterday but it proved impossible to so extend the understanding as to have it include the fixing of a date for taking a final vote on the bill as a whole.

The nomination of Benjamin F. Barnes, assistant secretary to President Roosevelt, to be postmaster of Washington was before the Senate in executive session for nearly two hours yesterday. Most of the discussion arose over a motion by Senator Culberson to recommit the nomination to the committee on postoffices and post roads. The Senate adjourned at 6 o'clock, without taking any action.

William J. Gibbons, aged forty-seven, one of the conspirators in the attempt sixteen years ago to burn the Dupont Powder Works, was found dead in a cell in the Wilmington, Del, police station yesterday. He had been arrested for drunkenness, and a post mortem revealed that his death was due to alcoholism. Gibbons was the leader of a notorious band of firebugs who conducted an extensive conspiracy against the Dupont Powder Company in 1890 and 1891.

When the House resumed consideration of the agriculture appropriation bill yesterday the seed question immediately came to the front. Mr. Rixey said the chairman of the agricultural committee—Mr. Wadsworth—and Mr. Henry had formed their ideas of free seeds from interested sources, the seed men and the city newspapers He charged the metropolitan press with selfishness in opposing the distribution of free seeds. Mr. Rixey also discussed the subject of good roads and said that the agriculture committee had been parsimonious in its provision for good roads.

## Virginia News.

E. G. Moseley, a Danville tobacconist, received a cablegram yesterday from London announcing the decision of the British government to reduce the import duty on strips or stemmed tobacco.

An inroad on the irrigation fund to the extent of $2,000,000 is contemplated in a bill introduced by Mr. Slemp yesterday providing an appropriation of that amount for the drainage of Dismal Swamp

The legislative committee to investigate the affairs at the Virginia Military Institute reached Lexington last night and will begin their work today. Among the members present is Senator L. H. Machen, of Alexandria.

While gathering flowers in the yard at her residence at Vaucluse, Frederick county, Saturday, Mrs. Annie R. Kline, wife of W. S. Kline, a farmer of that section, was suddenly paralyzed and died Sunday. She was 72 years old.

A telephone message received at this office today from Fredericksburg states that Gabriel Battaile, the colored boy who recently assaulted Lena Rogers, a white girl of King George county, is now safely jailed in Fredericksburg, and that there is no excitement there.

James Clark, head of the James Clark Distilling Company, and John Kearting, both of Cumberland, Md., have acquired a large block of the stock of the Shenandoah Valley National Bank of Winchester. The stock sold at a figure above $265 per share.

### Aimed at Standard Oil.

Mr. Crumpacker, of Indiana, yesterday introduced a bill in the House to protect legitimate competition by providing that any person, firm, or corporation engaged in interstate commerce that shall intentionally, for the purpose of destroying competition and creating a monopoly between sections, communities, or cities by selling to one cheaper than to another, shall be guilty of a misdemeanor, and upon conviction shall be punished by fine of not less than $500 or more than $5,000, or imprisonment for not less than thirty days or more than six months. The measure is aimed at the Standard Oil Company.

### Twins Within One Year.

Mrs. John Disston, of Grand View, a small town in Edgar county, Ill., holds the record of that community, for living up to President Roosevelt's anti-race suicide ideas. Eleven months ago Mrs. Disston became the mother of twins, both of which are alive and thriving. On Saturday her husband and friends were surprised when she brought two more little ones into the world under favorable conditions. The latest arrivals give promise of being as hearty and long lived as their predecessors. The father is a young farmer, who says he has not time from his corn-planting to advise the President of the distinction of his family.

### About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.

## Fifty-ninth Congress.

Washington, May 1.

SENATE.

Senator Tillman who has been bitterly opposing the confirmation of the nomination of B. F. Barnes, assistant secretary to the President, as postmaster at Washington, carried his fight into the Senate arena today.

Having been defeated in his desire to have a congressional investigation of Barnes's connection with the sensational ejectment in January from the White House of Mrs. Minor Morris, wife of a local physician and sister of Representative Hull, of Iowa, he introduced a resolution today calling for an investigation of the metropolitan police.

It asks that the committee on the District of Columbia investigate the manner and the result of an inquiry made by the superintendent of police with a view of ascertaining its thoroughness and impartiality, &c.

The resolution further wants to discover whether official recognition has since been given any member of the family of the superintendant of police and one of the chief witnesses in the Morris case.

The resolution went over one day under the rules.

Senator Flint, of California, introduced bills providing for the repair and restoration of California public buildings injured by the earthquake to the aggregate of $690,000 as follows:

San Francisco—Postoffice building, $550,000; mint, $50,000; appraiser's warehouse, $10,000; subtreasury, $25,000. Oakland—Postoffice building, $15,000. San Jose—Postoffice building, $40,000.

A spirited debate was precipitated in the Senate, when the chair laid before the body the House resolution extending thanks to General Horace Porter, late Ambassador to France, for his gratuitous personal services in recovering the remains of John Paul Jones.

Mr. Lodge asked for its immediate consideration and passage.

Mr. Aldrich objected. He moved that it go to the committee on foreign relations, according to custom, which motion finally prevailed.

HOUSE.

Upon convening today, the House, in committee of the whole resumed consideration of the agricultural appropriation bill.

### Rough Treatment of Gamblers.

The steamship Lucania, which sailed from Liverpool for New York Saturday, had among her passengers on her last voyage to Liverpool from the United States two American card sharps who received drastic treatment. The sharps, who passed under the name of W. G. Holland and H. S Weil, won considerable money, and at last the suspicions of their fellow-players were aroused. At the close of the game, after the two men had left, the cards were examined, and it was found that all the high cards were marked. A committee went in search of the suspected gamblers, who were supposed to be strangers to each other, and found them in the same cabin. A burly Scotchman grabbed Weil, who was a little chap, by the ankles and dangled him in midair, shaking his watch and money out of his pocket and occasionally allowing his head to bump the floor. Weil and Holland were then stripped of their clothes and their trunks were searched About $130 was recovered. A guard was placed at the cabin door and Weil and Holland were not allowed to leave or to have their meals until the boat arrived at Liverpool, where their clothes were returned to them and they were permitted to go ashore amid the jeers of their fellow-passengers.

### Prosperity of Great Britain.

"Budget Day," as usual attracted an unusual attendance in the House of Commons yesterday and the House was full when the Chancellor of the Exchequer rose to introduce the first budget of the new liberal administration. Mr. Asquith began by reviewing the past financial year, pointing out the cheering fact that the revenue was larger and that the expenditure was smaller than the estimates, hence the country was in the happy position of having realized a surplus of $17,333,000.

The steadily growing prosperity of the country in 1905 had continued during the first quarter of 1906.

Mr. Asquith announced that the balance of the surplus would be applied to a complete repeal of the coal duty from November 1, absorbing $5,000,000; a reduction of two cents in the tea duty from July 1, absorbing another $4,600,000, and taking five cents off stripped tobacco, making the duty thereon 7 cents. This, he said, would be retrospective from March 31 and cause no appreciable loss of revenue.

### Thievery in the Navy Yard.

The Navy Department has come to the conclusion that something must be done without delay to protect a large quantity of valuable material, consisting mostly of copper pipe, now stored in the open at the navy yard at Brooklyn. The commandant of the yard has sent a special report to Washington complaining that he has not the facilities to properly protect this material from the attack of thieves. It is thought that word must have been passed among people of that class that the material was accessible, and there have been a number of thefts, with as many more exciting pursuits of the thieves Recently a marine officer was accidently wounded by the discharge of his revolver, while chasing persons who had designs upon the material, and some time ago one of the sentries killed a man who was caught carrying off valuable piping. It was recommended by the Secretary, on the strength of reports from Brooklyn, that a large building, to cost $10,000 and to be used as a coppersmith's shop, should be erected at the yard, but the house naval committee, which has been considering the estimates, cut down this item. It is now considered important to furnish a storage place to be built of steel of dimensions sufficient to take care of material of this kind, and not leave it as an invitation to theives. It is estimated that such a building would cost $20,000.

## Today's Telegraphic News

### Labor Day in Europe.

Paris, May 1.—While there has been some minor rioting in the city today, numerous small brushes between bodies of workingmen and detachments of police having occurred, there has been none of the general disorder which it was feared would occur on May day. The occasion was generally observed and by far the greater part of the city had the appearance of an unusually quiet Sunday.

The alarming reports which had been noised about the city in the last few days to the effect that socialists were planning a revolutionary demonstration, and that bloodshed was sure to occur if the government resisted the proposed coup d'etat, had worked the people up to the point where most citizens feared there would be many bloody outbreaks all over the city. These failed to materialize, however. The most serious of these early clashes occurred when 600 strikers who were coming out of the labor exchange ran into twenty bicycle policemen in the Rue Oberkampf. The strikers opened fire upon the policemen with revolvers and the latter replied. The strikers were dispersed after a brief engagement. One of the strikers was seriously hurt

There was almost continuous rioting in the Belleville market, which is to Paris what the Bowery is in New York. Some of the outbreaks threatened to become serious. Striking printers who made their headquarters in that locality caused most of the trouble. They frequently clashed with the police on duty in that section. Three printers were injured in this fighting and 112 arrests were made A. Levy, the socialist leader, was arrested this morning as he was leaving a train upon which he had just arrived from Lyons. It is estimated that 80,000 men went out on strike. It was necessary for the police to make many arrests in putting down the few outbreaks, and it was stated officially that up to noon 375 arrests had been made. Most of these arrests were for minor offenses and it was expected that most of the men taken into custody would be set free before the day was over.

Paris, May 1—A riot occurred this afternoon in the Rue Faubourg Temple, off the Place de la Republique, when a large crowd of strikers threw stones at the police and dragoons. M. Nicolai, inspector of the Mobile brigade, was struck in the eye and so seriously injured that he had to be carried away. Several policemen were wounded. The police and dragoons charged and cleared the street

The first barricade made its appearance this afternoon. It was erected in the Rue Condrier in the Belleville market district, and was constructed of building materials. The troops and police stormed the barricade and demolished it after dispersing its defenders.

Fifty arrests were made in connection with the riot in the Rue Faubourg Temple. This brought the total number of arrests up to 800. The prisoners are being detained in the Chateau d'Eau barracks in the Place de la Republique.

M. Romenti, a millionaire socialist, was arrested today in the Haute Loire department.

More cavalry charges were made off the Place de la Republique and the Quai Ualmy, at five o'clock this evening. Soldiers were injured in both instances as well as a number of the crowd. Both the police and troops are rapidly growing exasperated by the steady resistance of the populace and grave collisions are apprehended for tonight.

Brest, France, May 1.—At a meeting at the Labor Exchange today, M. Rouiller, Secretary of the Labor Confederation, advised the men to put petroleum in the bread and vitriol in the drinks served in restaurants. After the meeting about 2,000 workmen started to parade through the streets, carrying the black flag, and singing revolutionary songs. The police wrested the flag from the man who was carrying it, and then the cavalry charged and dispersed the mob. Four persons were arrested, including the flag bearer.

London, May 1—Great labor demonstrations are being held in Hyde Park this afternoon. One meeting there was given up entirely to the pupils of the socialist Sunday schools.

This city is full of French and Americans who came here from Paris, because they feared labor disturbances and possibly bloodshed in the French capital today.

Rome, May 1.—May day is passing off quietly in Italy. The government officials are permitting meetings of workingmen, also processions. Word is practically at a standstill. No disturbances are feared.

Berlin, May 1—The socialists are celebrating May day throughout Germany today. Hundred of meetings were held this morning, and there will be festivals this afternoon and this evening. Over one thousand meetings have been held in the provinces, and it is estimated that over 3,000,000 workingmen ceased work for the day. Street processions are prohibited in Berlin, and in 25 of the provincial cities elaborate precautions have been taken by the police and troops everywhere are held in readiness to suppress a possible outbreak.

Warsaw, May 1.—Business interests in the main are demoralized and the people generally thrown into a condition bordering on a panic as the result of the agitation started by socialists to bring about a general strike and the call issued to workingmen to make their grievances known by parading through the streets and holding public meetings All the factories, shops, restaurants and coffee houses have been closed. No newspapers have been printed today, no tramcars are running and no cabs are in operation. Strong patrols of soldiers are guarding the streets. The troops have completely surrounded the factory districts and cut them off from the other sections of the city. Three policemen were struck during a riot here this evening.

### Strike of Marine Workers.

Buffalo, N. Y, May 1—Last night at midnight all the marine workers on the Buffalo docks who are affiliated with the Longshoremen's Association, went on strike at the bidding of Daniel J. Keefe, President of the Longshoremen's Association. The strike which extends throughout the region of the Great Lakes is inaugurated to force the Lake Carriers' Association to recognize a labor union formed by the mates of the vessels on the lakes. The order of President Keefe applies in all ports and it is estimated that 30,000 workers are thrown out of work just at the time of the year when they should begin to draw wages. In expectation of trouble here, Police Superintendent Regan this morning ordered the police force on the double platoon system.

Chicago, May 1—Orders which went into effect at midnight caused a strike of 20,000 vessel mates and brought lake navigation to a practical standstill. The longshoremen also quit work at various ports on the lakes. Three thousand of these men at South Chicago, stopped loading and unloading vessels. The strikes which the influence of the day brings to Chicago itself are of two related sorts. There is a strike of iron molders already declared and a strike of structural iron workers imminent. This last difficulty, unless speadily settled, is likely to put a check on the tremendous building operations in this city. The lake situation is regarded by marine men as exceedingly serious. With longshoremen and mates out, members of the vessel crews controlled by their unions also may be involved. The firemen, oilers, and water tenders comprise the principal marine branches likely to be called out. In the Chicago harbor the signal for the mates to strike was given by the tooting of whistles on the tug boats.

### Situation at Mount Carmel.

Mount Carmel, Pa., May 1.—The State constabulary which engaged in a battle with foreign United Mine Workers here yesterday were yet on guard this morning at the Lehigh Company's Sayre colliery. How long they will remain is not known even to Lieutenant Smith, commander of the troopers, himself. He says he will remain on duty until ordered to leave. The mine workers keep strictly away from the camp, which is just outside the town. Smith has a double guard of sentries on duty and will let no one approach the line. None of the victims of yesterday's shooting have died, but it is believed four cannot recover from their wounds. The town is very quiet now. United Mine Workers' officials met here last night and severely condemned the State constabularies for shooting what the miners claim "innocent victims." The miners threaten to prosecute Smith and his men for murder in case any of the people who were shot should died. It is believed there will be no more trouble here. Another company of the constabulary arrived early this morning and marched without interference to the Sayre colliery.

### Disastrous Collision.

New Haven, Scotland, May 1.—A disastrous collision occurred in the channel this morning between the British steamer Blanefield and a large fourmasted bark, the name of which has not as yet been ascertained. The Blanefield sank immediately after the collision, right in the track of shipping, and heavy loss of life is feared. The Blanefield was bound for London from South America, with a cargo of nitrate of soda, valued at £50,000 sterling. The Blanefield was commanded by Captain Isaacs, and was a vessel of 2,182 tons net register.

Later information received here in regard to the sinking of the Blanefield says that the bark which collided with the steamer was the Kate Thomas. Eleven of the Blanefield's crew boarded the Thomas when the collision occurred. Twelve others were picked up Five of the crew are still missing.

### May Day in the United States.

New York, May 1.—For the first time in many years, May Day brings no disturbances in the local industrial field. The workingmen of New York are busy and prosperous. Absolute peace would reign but for what might be termed a boycott by the iron workers of a few prominent firms in that industry. Conditions in New York are general throughout the country, with notable exceptions in the authracite and bituminous coal fields and along the Great Lakes where traffic will be completely tied up today through a strike of the longshoremen and their allied craft. There are also sporadic strikes in the building trades through ut New England.

### Destructive Fire at Tangier.

Tangier, Morocco, May 1.—A great fire which broke out last night in Fez practically destroyed the entire Attarin quarter. The damage is very heavy. Following the fire mobs attempted to pillage the burned section, and troops were called out to prevent this looting Several conflicts occurred between the soldiers and the mob before order was finally restored. Many persons were wounded during the fighting. As soon as the troops had driven off the mob the soldiers, however, turned looters, and behaved in a very disgraceful manner. They devoted their entire energies to pillaging everything within their reach. None of of the Moorish property destroyed in the fire was insured.

### Trouble Between England and Turkey

Constantinople, May 1.—The news that Great Britain is reinforcing her troops in Egypt, owing to the trouble which has arisen between the British government and Turkey because of the refusal of the latter to withdraw the troops from Tabas, which England claims is Egyptian territory, has created a very bad impression here. Turkey has responded to the announcement of England's action by ordering the fortification of the Egyptian and the Akaba frontiers. The relations between the two nations are strained in the extreme.

### New York Stock Market.

New York, May 1.—The market continued decidedly strong during the greater part of the first hour, with buying coming from many sources and the sales almost wholly to realize or to average up already large short accounts. The talent on the floor of the exchange and many of the shrewdest outside speculators call the upturn that started yesterday a rally and are waiting for a reaction.

### Famous Strike Breakers

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowls go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at E. S. Leabeater & Sons', druggists.

### The Olympic Games.

Athens, May 1.—S. W. Kerrigan of the Ultonomah Amateur Athletic Club, of Portland, Oregon, who represented America in the running high jump, at the Olympic games, today, tied for third place with a Greek. In the final heat of the 800 metres Paul Pilgrim, of the New York Atletic Club, who won the 400 metres race yesterday, finished first. J. D. Lightbody, the Cnicago University runner, who captured the 1,500 metres race was second. England took third place. Pilgrim's time was 2 minutes 1 1 5 seconds In the standing high final, Ray C. Ewry, of the New York Athletic Club, was first. Lawson Robertson, of the Irish-American Athletic Club, New York; Martin J. Sheridan, also of the Irish-American Club, New York, and Dupont, of Belgium, tied for second place. Ewry's jump was 156 centimetres; that of the others 140 centimetres.

### Labor Troubles Anticipated.

San Francisco, May 1—One of the most serious propositions which is about to confront the business men of San Francisco is the labor question. Business men and all employers and contractors are objecting to the high scale, and it will not be surprising if they attempt to fix a price for all classes of labor and employ all men regardless of the union scale. If this is done, the labor men intimate that a strike is liable to follow, which will create no end of trouble. The union men are banking on Mayor Schmitz and other officials of San Francisco, all of whom were elected upon the labor ticket to back them up.

### Supposed Double Suicide.

New York, May 1.—Mr. and Mrs. John S. Giveen were found dead today in their sleeping apartment in the home of Mrs. Keeler, who was Mrs. Giveen's mother, at No. 365 Greene avenue, Brooklyn. Coroner Kennedy was notified and found evidences which justified him in suspecting that the Giveens had killed themselves. The gas in the room was lighted. Mr. and Mrs. Giveen had planned to move today to Cranford, N. J., and were in good health when they retired last night An autopsy developed the fact that the couple were killed by cyanide of potassium, one of the most deadly poisons known.

### Witte's Resignation.

St. Petersburg, May 1—The liberal newspapers are exulting in the reported resignation of Count Witte as Premier. After the outcome of the elections of members of the Douma, they point out that Witte is useless. Witte's great merit, however, is that he has proved that a free political state is impossible if it is to be combined with autocracy. In semi-official circles it is expected that Count Lamsdorff and M. Durnovo, the Minister of the Interior, will shortly resign.

### Jews to be Expelled.

Vienna, May 1.—Orders have been issued by the authorities that all Russian Jews settled in Lumberg must leave Russia within thirty days or be expelled The announcement has caused considerable trouble among the Jews who flock from Russia and settled peaceably in the vicinity of Lumburg for many years

### His Ashes Fertilize His Roses.

Henry Meiser, of Cincinnati, one time surveyor for the Aetna Life Insurance Company, had one real passion —to raise roses to give to his friends. He always wore a fresh bud in his coat, and a receptacle within his silk hat contained a supply, of which he gave one to each friend he met. On Friday, furthering a request in his will, two of Meiser's friends took the ashes of his cremated body and scattered them around the roses in Eden Park. When roses are in bloom these two friends are to give one rose, whose growth has been aided by his ashes, to each of Meiser's old friends as a token that even after his death his lifelong habit may be once more fulfilled.

### Investigation of the Police.

The investigation of the official conduct of the members of the police force is drawing to a close, and within a few days' time the public will be made acquainted with the findings of the Board of Police Commissioners. The board held another meeting last night at which plans were perfected for taking action in accordance with the evidence which has from time to time been given before it. A few weeks ago Mayor Paff made the following recommendations to the board:

To the Police Commissioners, Alexandria, Va.:

Gentlemen—You will call to mind the occasion of our visit to police headquarters a short time since at which time it was agreed that there was very little or no system in the department. During the investigation of the Curtin murder there was again developed a lack of proper police disipline, as a matter of fact for some years our police department has been the source of adverse criticism by the citizens of this community, and my experience in office has thoroughly demonstrated to me that these criticisms are in a great measure justifiable. It is now up to us to relieve this long suffering people of this terrible condition and bring about a decided change which cannot help but redound to the interest of the entire city. City laws and ordinances are being constantly violated and absolutely no notice of it taken by the police. In the recent investigation previously referred to it was thoroughly demonstrated that lawlessness was rampant in our community and I might add that it looks as though some people are licensed by some policemen to carry on their unlawful business.

Rules and regulations are being constantly violated in the department, and I feel that the conditions warrant me in recommending a thorough investigation of the department, the results of which I feel sure will be beneficial and will be the means of giving to our city a police department which will be a credit instead of a subject of criticism, as the department has been for years.

In this recommendation I am sincere and am carrying out my ideas as expressed when first inducted into office.

In conclusion I will state that I have confidence in this board that they will proceed diligently and fearlessly into this matter and their conclusion will be beneficial to the administration, and a satisfaction to the citizens who are justified in expecting service of the department for which they are taxed to maintain. FRED J. PAFF, Mayor

The Mayor in a conversation with a representative of the Gazette this morning in referring to the above said his action had been taken in the interest of the public good, and with no prejudices toward any member of the force. It was simply a matter of duty to the community to institute proceedings which would either prove or disprove the numerous reflections which have from time to time been urged against certain members of the force. There had been a general complaint that officers were not rendering satisfactory service to the city, and it had, therefore become incumbent upon those who have control of them to bring about another order of things by effecting a reorganization of the force. The investigation has been thorough and unbiased and it has been conducted quietly through earnestly. In cases it has been shown that certain officers have been guilty of dereliction of duty and infraction of rules governing the force, while against others more serious allegations have been made. There have been no voluntary witnesses, but the commissioners have summoned such as they thought could give material testimony, and in some instances witnesses have been loth to testify. There will be another meeting of the board tonight.

### New Agent.

As anticipated, Mr. George S. Hinkins has been appointed agent in this city for the Southern Railway Company to fill the vacancy caused by the resignation of Mr. J. T. Preston, who for several years past has most acceptably held that position, and will enter upon the discharge of his new duties on the 3d inst. Mr. Hinkins is a young man of ability and energy and is in every way fitted for the position. He is a native of Strasburg and for the past five years has been connected with the Southern, most of the time being employed in the office in this city, at present filling the position of chief clerk. He is being congratulated by his many friends in this city upon his rapid promotion.

### Seized by a Negro.

About nine o'clock last night while four young ladies were walking on the west side of Royal street, between Duke and Wolfe, a negro man caught hold of the arm of one of the party. The young woman screamed, when her assailant released her and ran. The young women ran after the man, sounding an alarm in the meantime, but the man succeeded in making his escape.

### Bitten by a Dog.

Two dogs belonging respectively to John Welch and Emmet Kelly engaged in a fight near Hunting creek bridge yesterday, and while Mr. Kelly was endeavoring to separate the canines Mr. Welsh's dog attacked him and tore one of his legs seriously. The cur was immediately adjudged worthy of death and later five bullets were discharged into it and the body cast into the creek.

### Fight in a House.

A vicious fight took place among several persons about 8 o'clock last night in a house on Jefferson street, between Washington and Columbus. Police whistles were blown and for a time considerable excitement existed in the neighborhood. The belligerents finally quieted down.

### Corporation Court.

[Judge L. C. Barley presiding.]

Armstrong vs. Purcell; debt for rent; removal from a magistrate's court; jury and verdict for plaintiff for $49.

### Piedmont Convocation.

The spring meeting of the Piedmont Convocation took place at St. Luke's Church, Remington, Tuesday, April 24. The members present were Rev. J. J. Clopton, the rector; John Chapman, J. F. Coleman, E. S. Goodwin, Berryman Green, E. Moore, Carter Page, J. W. Ware and S. R. Tyler. The visitors were Archdeacon Neve, of Albemarle, and Rev. John G. Meem, of Brazil. Services were held morning and evening each day with three business meetings daily. A marked feature was a public discussion in which all the members took part on Thursday afternoon when the question of the use of associations or missions was discussed. The officers elected for the ensuing year were Rev. E. S. Goodwin, president; Rev. J. W. Ware, treasurer, and the Rev. J. J. Glopton, secretary. A good missionary meeting was held on Thursday evening, when the work in Brazil, the work in the Blue Ridge Mountains, and the work of Diocesan missions was presented by Rev. Meem, Neve and Meade respectively. The fall meeting will be held at Seeds Church, Fauquier county. Rev. P. D. Thompson, rector, the time to be fixed by the president and the rector. A resolution of thanks to the people of Remington for their abundant hospitality was read by the president to the congregation at the closing service.

### Miss Wood's Body.

As was stated in the Gazette, the body of Miss Elsie Wood, 28 years old, daughter of the late Dr. Thomas Wood, of Prince Georges county, Md., was recovered yesterday in the river opposite this city. The remains will be interred at Oxen Hill, Md., after an inquest, which was held this morning, and at which Coroner Nevitt presided. Hal B. Claggett, a cousin of the deceased, identified the body. Miss Wood, on the afternoon of last Good Friday, was in a canoe near the Aqueduct Bridge, with George Rex Frye. It was stated that the accident was partly due to the canoe coming in contact with the swells from a tugboat on the way to a quarry for a tow. Miss Wood, who had no experience in handling a canoe, had a paddle in her hand, having expressed a desire to be taught how to manage such a craft. When the canoe met the swells from the tug, it is stated, Miss Wood lowered the paddle into the water instead of taking it out entirely, and the boat was overturned. The young woman and her escort went overboard, and they managed to hold on to the canoe for a short while, but Miss Wood was unable to hold on long, and was drowned.

### Hatching Shad at Bryan's Point

The United States fish commission station at Bryan's point has begun the hatching of shad eggs, but as yet the fish are very scarce and but few eggs are being obtained. The fish commission steamer Philarope, which arrived here about ten days from the fisheries in Massachusetts, has gone into service at the station and is engaged in gathering eggs for hatching. The vessel makes daily rounds on the river, visiting all the fishing shores and nets in the vicinity of the station, and gathers the eggs of the shad which the fishermen have collected and takes them to the station, where they are hatched. The fish commission makes yearly contracts with many of the Potomac fishermen, paying them for the eggs of all the shad they catch. Many million shad are hatched each year at Bryan's point.

### Miss Lee, Sponsor.

The steel propeller harbor lighter Ohio, built for the Baltimore and Ohio Railroad service in New York harbor, was launched at 12:30 p. m. today from the yard of the Skinner Shipbuilding and Drydock Company, of Baltimore. Miss Constance Lee, formerly of this city and a niece of Mr. Julian Taylor, performed the duties of sponsor, for which ceremony Superintendent Konitzky had a bottle of champagne dressed in a robe of fine wire and decorated with ribbons. The lighter is 121 feet long, 35 feet beam and 11 feet six inches molded depth.

### Kindergarten.

The Alexandria Free Kindergarten will hold its annual meeting at Lee Camp Hall, Thursday evening at 8 o'clock. Mr. Weller, secretary the Associated Charities of Washington, who gave a delightful address last year; Mrs. Weller, who is a fluent speaker, and Miss Holdman, a kindergartner, all connected with the Neighborhood House of Washington, will address the meeting. Several musical numbers will be rendered. No cards will be issued. The public is invited, and a pleasant evening is promised all who attend.

### The Weather.

Yesterday was the warmest day of this spring so far, the temperature soaring up to 87°, which is a high mark even for midsummer. Those who were still clinging to their winter garments found those garments clinging to them during the greater portion of the day. The sun was hot and there was scarcely a cloud in the sky. As the day waned, however, the wind changed to the northwest and the temperature fell somewhat. The weather today has been cooler, with light showers at intervals.

### Rechabites.

There was an interesting meeting of Perseverance Tent of Rechabites last night. A delegation of the order from Washington was present. Two candidates were initiated. Under "the good of the order" there were recitations, musical selections, &c. The organization contemplates having an open session at the next meeting.

### Police Court.

There was but one case before the Police Court this morning, that of a woman named Bessie Johnson, who was charged with disorderly conduct and fighting. She failed to appear and forfeited her collateral. The woman was also charged with harboring minors. This case was continued. She is represented by Mr. Robinson Moncure.

### The Fishery.

There has been an increase in the receipts of herring during the past 24 hours, and they sold yesterday as low as $1.50 per thousand. Shad continue scarce, although prices fluctuate. Buck brought $15a18 per hundred and roe $25a28. The best specimens were held at 60 cents a piece in market this morning.

Why take a dozen things to cure that cough? Kennedy's Laxative Honey and Tar allays the congestion, stops that tickling, drives the cold out through your bowels. Sold by W. F. Creighton & Co., 401 King St.

### Clements-Lyons Case.

The Circuit Court for Alexandria county was today occupied in hearing the case of James E. Clements against Frank Lyon, a suit for $30,000 for alleged damages received by the plaintiff in a personal encounter with the defendant. The case has attracted a good deal of attention. Mr. Lyon is represented by Attorney R. Walton Moore, of Fairfax, and Commonwealth's Attorney Crandall Mackey, of the county. Judge J. K. M. Norton, of Alexandria, is the attorney for Mr. Clements. Both parties to the suit are members of the bar, while the plaintiff is superintendent of public schools for the county and the defendant is editor of the Alexandria County Monitor. The affray in which Mr. Clements alleged he was injured occurred in Mr. Lyon's office in the courthouse, and is said to have been due to the fact that the school superintendent criticised an article in the Monitor, in which certain people in Alexandria county were referred to as "dogs of an inferior breed." After a heated discussion blows followed. Mr. Clements states that he was struck repeatedly on the neck and sustained permanent injuries. Witnesses were being examined today and at 2 o'clock this evening it was thought about the court room that the case would not be concluded before tomorrow.

### Personal.

Mr. Henry Strauss has returned from a visit to Mr. and Mrs. Phil. Leterman in Charlottesville.

Mrs. Mary Kell is seriously ill at the home of her daughter, Mrs. E. H. O'Brien, she having suffered a stroke of paralysis yesterday.

Mr. and Mrs. Joseph Campbell, of Washington, and Mr. C. Ashford Neale spent Sunday with friends on Cameron street. The friends of Mrs. Campbell will be pleased to hear that her health has very much improved.

Mr. Lee Strasburger has removed to Lynchburg, where he will engage in business.

### Message from Mayor Schmitz.

Mayor Paff has received the following message:

San Francisco, Cal., April 25.

Fred J. Paff, Mayor of Alexandria, Va.:

Heartfelt thanks for expressions of sympathy and offer of assistance.

E. E. SCHMITZ, Mayor.

The subscriptions in Alexandria for the relief of the afflicted Californians have been liberal. The central committee now have in hand over $600. This sum, added to that at the banks and the money collected in churches and in other places, it is said, will approximate $1,300.

### For the Penitentiary.

Six persons convicted during the April term of the Corporation Court of felonies were this evening sent to the penitentiary. They were: Si Compton, sentenced to serve six years; John Whalen, for two; Wm. Pye, for three; Wm. Brooks, for six, Henderson Bush, for four and Clarence Hanson, for four. The last four named are colored men.

### Death of Mrs. Kirk.

Mrs. Margaret Kirk, widow of Mr. Harrison Kirk, sr., and mother of Mr. Harrie Kirk, of this city, died today of pneumonia in Baltimore, aged 85. She was a most estimable lady, a prominent member of the M. P. Church and leaves a host of friends who will regret to learn of her death.

### LOCAL BREVITIES.

An examination for positions in the Internal Revenue service will be held at the postoffice in this city on May 26.

The work of laying a sewer on Lee street, between King and Prince, is in progress. This is preliminary to paving the square with vitrified brick.

The entertainment given at Lee Camp Hall last night for the benefit of the markers fund was well attended and all present enjoyed a delightful evening.

During the month of April the Clerk of the Corporation Court recorded 50 deeds and issued 33 marriage licenses—19 to white and 14 to colored persons.

### King Edward at Vesuvius.

The weather continuing fine, King Edward said he would not leave Naples without visiting the observatory, as he desired to meet Professor Matteucci and Frank Perret, of Brooklyn, N. Y., assistant director of the Royal Observatory on Mount Vesuvius. The Duke and Duchess of Aosta were delighted and offered to guide the King. Five automobiles were ordered to convey the royal party to Mount Vesuvius.

King Edward, Queen Alexandra and the Duke and Duchess of Aosta arrived at the observatory yesterday afternoon where they were met by Professors Matteucci and Perret. The King congratulated both the scientists on their work, and drew from them a minute account of their experiences in the days they passed as prisoners in the observatory during the recent eruption of Vesuvius, a period in which the seismologists were exposed to momentary danger of a horrible death. The party also examined with keen interest the instruments in the observatory and the records which they had traced while the disturbance was in progress.

Afterward the royal party ascended above to the observatory through two feet of volcanic ash, which had scarcely dried since the torrential rains of last week.

The fatigue of the walk was repaid by a view of the smoking volcano, beneath which spread the devastated plains and valleys.

King Edward and Queen Alexandra left Naples last night for England.

### Bombshell in Carnival.

A bombshell was thrown into the floral carnival management, composed of ladies, by the announcement yesterday that Rev. R. M. Maxey, pastor of Union Station Methodist Church, Richmond, had criticised the women for countenancing a children's dance given Saturday night. Mr. Maxey declared that the Methodist ladies connected with the carnival had "dragged the flag of Methodism in the dust." Mrs. Norman V. Randolph and Mrs. Mann Quarles, connected with the carnival, though representing denominations other than the Methodist faith, disagree with the pastor. Mrs. Randolph said: "I have done nothing that I am ashamed of or which causes me regret, unless it is to see the narrow-mindedness of some people." Another lady, who declined to allow the use of her name, said: "The man who kicks up the devil in his pulpit is likely to go to the devil before the dancers."

### Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by E. S. Leadbeater & Sons' drug store. Price 50c.

### Chamberlain's Cough Remedy the Best and Most Popular.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," says Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly. Sold by Gibson & Timberman and W. F Creighton & Co.

**All the good qualities** of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. COMMISSIONERS' SALE OF VALUABLE REAL ESTATE IN THE CITY OF ALEXANDRIA, VIRGINIA.

By virtue of a decree of the Corporation Court of the city of Alexandria, Va., rendered on the 12th day of March, 1906, in the chancery cause therein depending under the style of Mary C. S. Burch vs Ella Rose Smoot and others, the undesigned, the Special Commissioners therein named, will offer for sale at public auction on

SATURDAY,
the 19th day of May, 1906,

at 10 o'clock a. m., at the front door of the Royal street entrance to the Market building, in the city of Alexandria, Virginia, the following described several parcels of real estate, situate in the said city of Alexandria, Va., to-wit:

1. Beginning on the east side of Lee street at the northwest corner of the brick dwelling house now known and designated as No. 119 north Lee street forty-four (44) feet, more or less, south of the intersection of Lee and Cameron streets; thence south on Lee street twenty-one (21) feet nine (9) inches; thence east parallel to King street one hundred (100) feet; thence north parallel to Lee street twenty-one (21) feet nine (9) inches, and thence west parallel to King street one hundred (100') feet to the place of beginning. This lot is improved by a substantial two-story brick dwelling house.

2. Beginning on the east side of Lee street at the southwest corner of the brick dwelling known as 119 north Lee street and sixty five (65) feet nine (9) inches more or less south of the intersection of Lee and Cameron streets; thence south on Lee street one hundred and ten (110) feet eleven and one-half (11½) inches, more or less, to the line formerly C. F. Whiting's line; thence east parallel to King street to Union street; thence north on Union street one hundred and thirty-two (132) feet eight and one-half (8½) inches; thence west parallel to King street two hundred (200) feet; thence south parallel to Lee street twenty-one (21) feet nine (9) inches, and thence west parallel to King street one hundred (100) feet to the place of beginning. And together with the sash, door and blind factory and planing mill thereon, and engine, boiler, machinery, machines, belting, implements and tools therein and thereon, used in connection with operating the said sash, door and blind factory and planing mill, except such thereof as is the property of Henry K. Field & Co.

This lot together with lots Nos. 3, 4, 5 and 6 has been used and employed as a lumber yard for many years formerly by Josiah H. D. Smoot, the then owner thereof; afterwards by Mrs. Frances P. Smoot, and now in the occupancy of Henry K. Field & Company, who are conducting a business of that character there.

3 Beginning on Union street forty-four (44) feet to the south of Cameron street on the east side of Union street; thence south on Union street eighty-eight (88) feet seven (7) inches, more or less; thence parallel with King street into the Potomac river; thence north parallel with Union street eighty-eight (88) feet seven (7) inches, more or less; thence west parallel with Cameron street to the beginning. Together with all water rights and privileges, and all other rights, privileges, appurtenances and easements to said lot of ground belonging or in anywise appertaining.

This lot has on it an office and counting room and bas in connection with lots Nos. 2, 4, 5 and 6 been used for the conduct of a lumber business for many years.

4. Beginning on the west side of Union street at a point twenty-two (22) feet north of Fayette Alley and running thence north on Union street forty-three (43) feet seven (7) inches, more or less, to what was Carlyle's line; thence west parallel to Fayette Alley sixty (60) feet; thence south and parallel to Union street forty-three (43) feet seven (7) inches, more or less, and thence easterly sixty (60) feet to the beginning.

This lot in conjunction with Nos. 2, 3, 5 and 6 has been used as a part of the lumber yard hereinbefore referred to.

5. Beginning at the distance of sixty (60) feet from the intersection of Fayette Alley and Union street, running westwardly on the said alley forty eight (48) feet; thence northwardly and parallel with Union street sixty-five (65) feet, seven (7) inches, more or less, to the line formerly Carlyle F. Whiting's; thence easwardly parallel with the said alley forty-eight (48) feet; thence southwardly parallel to Union street sixty-five (65) feet seven (7) inches, more or less, from the line of said Carlyle F. Whiting to the beginning.

This lot is improved by a brick stable and warehouse and in connection with lots Nos. 2, 3, 4 and 6, has been used and employed as a lumber yard as hereinbefore stated.

6. Beginning on the north side of Fayette Alley thirty (30) feet wide at the distance of one hundred and eight (108) feet westerly of Union street, and at the west line of lot No. 4, and running westerly with said alley twelve (12) feet, more or less, to the line formerly Cazenove's; thence northerly parallel to Union street sixty-five (65) feet seven (7) inches, more or less, to the line of Whiting; thence easterly, parallel to King street, the length of the first line; thence southerly with a straight line to the beginning.

This lot together with Nos. 2, 3, 4 and 5 has been used as a lumber yard, as hereinbefore stated, for many years.

7. A lot of ground on the south side of Duke street, between Pitt and St. Asaph streets, described as follows: Beginning at a point on the south side of Duke street sixty (60) feet west of Pitt street, and running thence east on Duke street thirty (30) feet; thence south parallel to Pitt street ninety-five (95) feet to an alley; thence west with said alley thirty (30) feet, and thence north with a straight line ninety-five (95) feet to the beginning. Being the same property which was conveyed to George H. Smoot by Albert Stuart and George William Brent, Commissioners, by deed dated December 1, 1868, recorded amongst the land records of Alexandria county, Virginia, in Liber Z, No. 3, folio 64.

This lot is improved by a brick dwelling house containing twelve rooms and now known and designated as 502 Duke street.

8. Beginning on the north side of Prince street one hundred and three (103) feet to the eastward of Washington street and running northerly parallel to Washington street one hundred (100) feet to an alley ten (10) feet wide; thence westerly parallel to Prince street and with the line of said alley thirty-five (35) feet; thence southerly parallel to Washington street to Prince street; thence easterly with Prince street to the beginning, with the right of way over the said alley and all other rights and appurtenances to the said lot of ground belonging. Being the same property which was conveyed to George H. Smoot by C. C. Berry and wife, by deed dated May 23, 1859, recorded amongst the land records of Alexandria county, Va., in Liber T, No. 3, folio 607.

This lot is improved by a large brick dwelling containing eighteen rooms, with gas, water and sewer connections and equipped with heaters and range. Situate in one of the most desirable localities in the city, it possesses many attractions as a home. For many years it was occupied by the late Josiah H. D. Smoot as his mansion and after his death it was continued in such use by his widow and family.

9. HOUSE AND LOT, now known and designated as No. 205 Wilkes street, situate on the north side of Wilkes street, between Fairfax and Lee streets. Lot thirteen (13) feet, more or less, in width by fifty (50) feet, more or less, in depth. Improved by frame dwelling house.

10. HOUSE AND LOT, now known and designated as No. 207 Wilkes street, situate on the north side of Wilkes street, between Fairfax and Lee streets. Lot thirteen (13) feet, more or less, in width by fifty (50) feet, more or less, in depth. Improved by frame dwelling house.

11. LOT OF GROUND with brick warehouse thereon, now known and designated as No. 109 north Union street, situate on the east side of Union street, between King and Cameron streets, twenty-two (22) feet one and three-quarter (1¾) inches in front on Union street, and extending eastwardly that width into the Potomac river, together with all appurtenances thereunto belonging or in any wise appertaining.

12. LOT OF GROUND with brick warehouse thereon, now known and designated as No. 111 north Union street, situate on the east side of Union street, between King and Cameron streets, twenty-two (22) feet one and three-quarter (1¾) inches in front on Union street, and extending eastwardly that width into the Potomac river, together with all appurtenances thereunto belonging or in any wise appertaining.

13 HOUSE AND LOT at northwest intersection of Cameron and Lee streets, now known and designated as No. 201 Cameron street. Lot thirteen (13) feet, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a frame dwelling house.

14. HOUSE AND LOT on north side of Cameron street, between Fairfax and Lee streets, now known and designated as No. 203½ Cameron street. Lot twelve (12) feet nine (9) inches, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a frame dwelling house, with the right to use in common with the owner of the lot adjoining on the west, now known and designated as No. 203 Cameron street; an alley two (2) feet four (4) inches wide between said lots.

15. HOUSE AND LOT on north side of Cameron street, between Fairfax and Lee streets, now known and designated as No. 203 Cameron street. Lot twenty-two (22) feet two (2) inches, more or less, in width by sixty-one (61) feet, more or less, in depth. Improved by a substantial brick dwelling house, with the right to use in common with the owner of the lot adjoining on the east, now known and designated as No. 201½ Cameron street, an alley two (2) feet four (4) inches wide between said lots.
